# GA PRODUCT GUIDE

## Grain Free Range

GA Product Code: **UGF**

# Angus Beef

## with Sweet Potato & Carrot

### Adult Dog

#### Grain Free Range

The **Grain Free** range includes a selection of the finest freshly prepared nutritious and highly digestible animal protein sources.

The range has been formulated with sweet potato and potato to be suitable for those with grain intolerance/sensitivity.

#### Why Angus Beef?

**Angus beef** comes from the Angus breed of cattle which are native to the North-East of Scotland. Angus beef is considered a **higher** quality compared to regular beef.

#### Why Sweet Potato?

**Sweet potato** is **low in fat**, and may also benefit digestive health as it is a **rich source of dietary fibre**.

#### Why Carrot?

**Carrot** is known for being a **good** source of vitamin A in the form of beta carotene which **helps** support eye health and vision.

#### Recipe Claims

##### Minimum 26% Freshly Prepared Angus Beef

A responsibly sourced and highly digestible protein source.

##### 50% Total Beef

Rich in amino acids, vitamins & minerals, beef is a delicious source of protein.

##### Digestive Health

Pre-biotics MOS & FOS which may help to promote the growth of healthy gut bacteria and aid digestion.

##### Added Omega 3 Supplement

To help support healthy skin & coat.

##### Sweet Potato

An excellent alternative to grains, sweet potato is a complex carbohydrate high in B Vitamins.

##### No Added Artificial Colours & Preservatives

Naturally preserved using rosemary extract.

**Important:** The information provided in this document is GA Pet Food Partners Ltd interpretation of Regulation No 767/2009 including amending Regulations 2017/2279 and 2018/1903. As with all legislation only courts can decide on the correct interpretation of the law. We would advise that you always seek legal advice when creating/printing new packaging, leaflets or websites. The statutory Analytical Constituents declaration parameters (i.e. Crude Protein, Crude Fat, Crude Fibre, Crude Ash) may be used for declaration purposes along with Moisture. Other parameters are intended as a guide and in order to declare extra figures we suggest that analysis work is carried out to confirm levels more precisely. GA cannot be held liable for publication of none statutory nutrients without first getting approval from GA. GA cannot be held liable or responsible for nutrient contributions from free issue (client supplied) raw materials without specific clarification in writing. Formulation updates: As information becomes available and in order to continually meet statutory analytical constituent declarations, formulations may have to be adapted to account for raw material variation and availability. There may also be other reasons outside of our immediate control (including but not limited to force majeure events) which warrant the change of a formulation to improve its suitability. If any formulation amendment becomes a permanent change we will update the formulation matrix information and confer this to the purchaser.
